

Seminar in Myanmar on “Reactive Power Compensation and Control” 2011

February 2012, International Cooperation Center (ICC), JEPIC

JEPIC has been conducting bilateral seminar program with electric utilities in ASEAN Countries under strong support from electric power companies in Japan. The purpose of the program is to strengthen their business infrastructure such as technical basis, management method and human resources development.

MOEP No.(1), MOEP No.(2) and JEPIC launched their bilateral cooperation program on 2005 by holding the first seminar in Japan. The first visiting seminar in Myanmar was carried out also on 2005. After the initiation, JEPIC have been continuing annual seminar in Japan as well as in Myanmar.

In cooperation with Kyushu EPCo. and Okinawa EPCo., JEPIC and MOEP No.(2) held the 6th seminar in Myanmar in February 2012, which outlines are shown below;

Date of the Seminar:	20 th – 23 rd February, 2012
Seminar Place:	Yangon City, Myanmar
Theme of the Seminar:	Reactive Power Compensation and Control
Mission Member from Japan:	Three experts from Kyushu EPCo. and Okinawa EPCo. Two secretaries from JEPIC

56 MOEP No.(2) electrical engineers from transmission or distribution dept. attended the Seminar

After the presentation, we made the fruitful discussion and share opinion in each country.
