

**JEPIC Seminar in Myanmar on
“Operation and Maintenance of Combined Cycle Power Plant” 2013**

JEPIC has been conducting bilateral seminar program with electric utilities in ASEAN Countries under strong support from electric power companies in Japan. The purpose of the program is to strengthen their business infrastructures such as technical basis, management method and human resources development.

MOEP and JEPIC launched their bilateral cooperation program on 2005 by holding the first seminar in Japan. The first visiting seminar in Myanmar was carried out also on 2005. After the initiation, JEPIC have been continuing annual seminar in Japan as well as in Myanmar.

In cooperation with The Chugoku EPCo. and Shikoku EPCo., JEPIC and MOEP held the 9th seminar in Myanmar in September 2013.
