

JICA Training Course (JFY2013)
“Power System Engineering for Planning and Operation in Africa”

February 2014, JEPIC- ICC

Japan Electric Power Information Center, International cooperation Center (JEPIC-ICC) performs technical training program under the contract with JICA.

This time, training was implemented by cooperation with Chubu Electric Power Co., Inc. as follows,

Date	February 4 ~ February 21, 2014
Organization	Japan Electric Power Information Center., Inc. Chubu Electric Power Co., Inc.
Participant	Nigeria 2participants, Rwanda 2participants, Zambia, Mozambique, Angola, Tanzania 2participants (Total 6 Countries, 9 participants)
Subject	<ul style="list-style-type: none"> • Lecture <ul style="list-style-type: none"> Outline of the Electric Power Industry in Japan, Total Quality Management in Japan, Outline of the Power System Operation, Planning of Power System, Power System Operation, Over Load Operation, Maintenance Technology of Substation Facilities, Outline of System Protection and Maintenance of Protective Relay • Site visit <ul style="list-style-type: none"> Central Load Dispatching Control Center, Blanch Load Dispatching Control Center, Substation, Gas-fired Thermal Power Station, Electric Power System Council of Japan
