

**FY 2015 JEPIC Seminar in Myanmar on  
“the Optimum Design of Power System and the Proper Power Supply Operation”**

JEPIC has been conducting bilateral seminar programs with electric utilities in ASEAN countries with strong support from electric power companies in Japan. The purpose of the program is to strengthen the business infrastructure of the electric utilities in ASEAN countries, such as basic and expertise technologies, management and human resources development.

JEPIC and Ministry of Electric Power (“MOEP”) launched their bilateral cooperation programs in 2005. Since the initiation, JEPIC and MOEP have held seminars every year in Japan as well as in Myanmar.

In cooperation with Tohoku Electric Power Co., Inc. and Chubu Electric Power Co., Inc., JEPIC and MOEP held the 11th Seminar in Myanmar from the end of August to the beginning of September 2015 as below;

1. Date : from August 31<sup>st</sup> to September 3<sup>rd</sup>, 2015
2. Venue : YESC\*<sup>1)</sup> of MOEP (Yangon)      \*<sup>1)</sup> Yangon city Electricity Supply Corporation
3. Theme : the Optimum Design of Power System  
and the Proper Power Supply Operation
4. Mission Members:
  - 1 Seminar Leader
  - 2 Experts from Tohoku Electric Power Company
  - 2 Experts from Chubu Electric Power Company
  - 1 Secretary from JEPIC
5. Participants: 56 participants from MOEP
