JEPIC

### **JEPIC Seminar in Vietnam on “Cost Optimization of Distribution Facilities” 2015**

JEPIC has been conducting bilateral seminar programs with electric utilities in ASEAN countries with strong support from electric power companies in Japan. The purpose of the program is to strengthen the business infrastructure of the electric utilities in ASEAN countries, such as basic and expertise technologies, management and human resources development.

JEPIC and Vietnam Electricity (“EVN”) launched their bilateral cooperation programs in 1998. The first seminars in Vietnam and Japan were carried out in 1998 and 1999 respectively. Since the initiation, JEPIC and EVN have held seminars every year in Japan as well as in Vietnam.

In cooperation with Tokyo Electric Power Company and Shikoku Electric Power Company and STNet, JEPIC and EVN held the 18<sup>th</sup> Seminar in Vietnam in September 2015 as below;

Date of the Seminar	: September 8 <sup>th</sup> to 10 <sup>th</sup> , 2015
Seminar Place	: Hanoi, Vietnam (EVN Headquarters)
Theme of the Seminar	: Cost Optimization of Distribution Facilities
Participants	: 44 participants from EVN and its affiliates
Mission Members	: 2 experts from Tokyo Electric Power Co., Inc. 1 expert from Shikoku Electric Power Co., Inc., 1 expert from STNet, Incorporated. 2 secretaries from JEPIC
