JEPIC

JEPIC Seminar in Cambodia on “Electrical Safety Work Evaluation & Procedure for Power Distribution Construction, Operation and Maintenance” 2016

JEPIC has been conducting bilateral seminar programs with electric utilities in ASEAN countries under strong support from electric power companies in Japan. The purpose of the program is to strengthen business infrastructures of the electric utilities in ASEAN countries, such as technical basis, management and human resources development.

Since 2006, JEPIC has held local seminars for Electricite Du Cambodge (EDC) using lecturers dispatched by one of the Japanese power companies as well as providing lecturers in alternate years either from JEPIC or TNB (Tenaga National Berhad, Malaysia).

In cooperation with Kansai EPCo., Inc., TNB, JEPIC and EDC held the seminar in Cambodia on September 2016, which outlines are shown below;

Date of the Seminar	: 5 th – 8 th September, 2016
Seminar Place	: Phnom Penh, Cambodia (EDC head office)
Theme of the Seminar	: Electrical Safety Work Evaluation & Procedure for Power Distribution Construction, Operation and Maintenance
Participants	: 49 participants from EDC
Mission Members	: 2 experts from Kansai EPCo., Inc. and 2 experts from TNB 2 secretariats from JEPIC

We had 49 participants from EDC head office and provincial electricity units. After the presentation, we made a fruitful discussion.
