

## JEPIC Seminar in Japan for Laos and Cambodia FY2022

JEPIC has been conducting bilateral seminar programs with electric utilities in ASEAN countries with strong support from electric power companies in Japan. The purpose of the program is to strengthen their business infrastructure such as basic and expertise technologies, management method and human resources development.

JEPIC has invited participants from ASEAN Countries since 1991 (ASEAN Seminar in Japan), and sent lecturers to ASEAN Countries since 1992 (Local Seminar).

We held the seminar for Cambodia and Laos as outlined below;

Date	February 27 <sup>th</sup> - March 10 <sup>th</sup> , 2023
Theme	Operation, Maintenance and Repair of High Voltage U/G Cable Technical Standard for Photovoltaic Power Generation
Participants	Cambodia (3), Laos (3) Total 6 participants
Organization	Japan Electric Power Information Center, Inc. The Chugoku Electric Power Co., Inc.
Subject	<Lecture> Outline of Electric Power Industry in Japan, Operation, Maintenance and Repair of High Voltage U/G Cable Technical considerations in developing a mega solar farm Roof Top PV and Technical requirement <Site Visit> Hiroshima Chuo Substation, Central Load Dispatching Center, Fukuyama Photovoltaic Power Station, Demonstration Project for Fully Independent EV Sharing Stations, Toshiba Corporation Fuchu Complex, Sumitomo Electric Industries Hitaka Works, etc.
